

IMPLEMENTATION SCIENCE MASTERCLASS 2022

Scale up of non-communicable disease programmes

10 May 2022

Homework 2

Deadline: Week 3 group session

Each team should discuss and note down potential ethical issues in the context of their project concept.

Each team should discuss and revise the proposed stakeholder engagement strategy for their project concept.

- **Who** on your project team will engage with **which** stakeholders?
- **How** will you engage with your stakeholders?
- **When** will you engage with each stakeholder group?

Each team should prepare their answers and be ready to **share them orally during the Week 3 group session** and can build the learning into their project concept presentation for Week 5. You do not need to submit a written paper.
